Training

<i>Date</i>	<i>Training posts & Training programme</i>	<i>Length of training</i>	<i>Institution</i>	<i>Supervising specialist</i>
1988-1991	Ophthalmology	4 years	Rome University "La Sapienza"	Director M.R.Pannarale
1991-1993	Glaucoma center - Rome University Policlinico Umberto I	3 years	Glaucoma Department, Institute of Ophthalmology, Rome University	Prof.ssa M.J.Pecori Giraldi Prof. M. Virno
1992	Course of specialization in laser techniques	1 year	Vitreo-retina department, Institute of Ophthalmology, Rome University	Director M.R.Pannarale
1993-1994	University Advanced Course in Ocular Surgery	1 year	Alicante University	Prof. Aliò

EXPERIENCE

Experience

1994 and 1995 surgical expeditions abroad as a volunteer with the organization Associazione M.A.I.S. (via Monti, 50 Milan -Italy) to the state of Maranao, Brasil
1999 surgical expedition abroad as a volunteer with S.E.E. International (27 C-2 E. De La Guerra Santa Barbara, CA - USA) to Bombay, India

Skills gained

without supervision

Cataract surgery :

Extracapsular about 300 operations in total

Phacoemulsification about 400 operations per year

Glaucoma surgery:

Trabeculectomy about 10 operations per year

Laser treatment

Argon retinal treatment: about 200 treatments per year

Yag (capsulotomy+iridotomy): about 40 per year

Excimer (prk,lasek,lasik): about 250 per year

Experience of amniotic membrane for reconstruction of corneal surface : about 30 cases

Blepharoplastics : about 20 operations per year

Details of skills

- number of operating sessions per week : 3
- number and types of operations being carried out: 15
- number of out patient clinics per week: 50
- numbers of patients seen per clinic by yourself: 30
- number of in patients under your care at any one time and an example of a typical case mix of patients: almost all patients are treated in day hospital. Cases treated may include cataracts, glaucoma, laser therapy.
- the frequency of your on call and details of your exposure to acutely ill patients : current professional activity does not require on calls.
- how much of your time is spent with non urgent cases and how much with acutely ill patients : time spent on non urgent cases 85% ; acutely ill patients 15%.

FURTHER TRAINING AND RESPONSIBILITIES

Courses and conferences attended over the last 5 years

<i>Year</i>	<i>Conference</i>	<i>Venue</i>
1999	National Congress Italian Ophthalmologic Society (S.O.I.)	Rome
2000	International course of Refractive Surgery - Alicante Refractiva 2000	Alicante -Spain
2001	Videorefrattiva 2001 International Congress	Milan
2002	7°OSN Rome International Symposium - Phacoemulsification and refractive surgery	Rome
2002	Maculopathy: role of EPR and coriocalillary	Rome
2002	Satelcataratta - National Congress of cataract surgery	Milan
2002	National Congress Italian Ophthalmologic Society (S.O.I.)	Roma
2003	Diagnosis and therapy of coroidal neovascularization	Florence
